

CAMELOT

We're delighted to introduce the Camelot Pavilion - our new flagship design. The most generously proportioned of all our pavilions, the Camelot has been specifically designed for the larger garden.

3-4 inches concrete slab
Damp proof membrane
Hardcore

CAMELOT

The Pellinore is for people that love parties! Easily accommodating up to 14 people, its wide entrances and generous proportions make this pavilion the favourite choice for entertaining all year round.

Like all Crown pavilions, the Pellinore is exceptionally versatile. A sturdy, hand-crafted table and seating enables you to dine in comfort. And afterwards, the furniture can be removed for drinks and dancing.

During the day, the Pellinore is the perfect place to relax with a quiet drink or book. And coupled with our optional infra red heaters and other accessories, this is a garden venue you, your friends and family can enjoy all year round.
