CROWN PAVILIONS

Luxury Wooden Gazebos & Garden Shelters

For year-round alfresco dining, lounging & entertaining

The marque of excellence

Welcome

Imagine a space where you can escape from the pressures of life, a beautiful outdoor space where you can unwind and enjoy a drink at the end of a busy day, a gloriously indulgent space that you can truly make your own.

Imagine a space, in the very heart of your garden, where you can entertain friends, serve sumptuous suppers and party long into the night. Or a blissful space to relax over breakfast, laze away a summer’s afternoon or simply sit back with a good book.

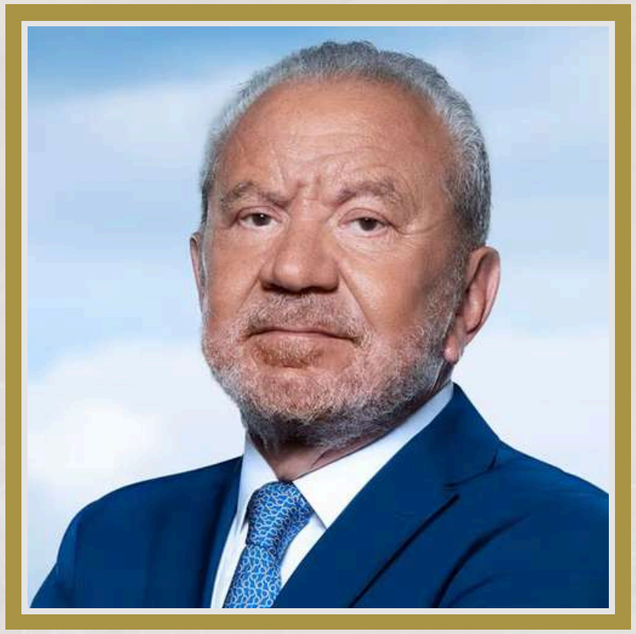

Why Crown?

When it’s something as special as your own personal haven, you want to be certain that your gazebo won’t simply look stunning in spring, summer and autumn, but that it will also cope with our British winters, enabling year-round use.

Crown Pavilions is the market leader because we over-deliver on quality and service at every stage of design and build. The Crown Marque of Excellence ensures your gazebo remains the focal point of your garden, year after year.

Industry-leading value

- Thicker Posts & Handrails
- Cedar Tiled Roofs as Standard
- Fuller Cushions & Heavier Side Panels
- Water-Resistant Zips on all Side Panels
- Weatherproof Marine Grade Fabrics
- Installation Included

“the best that money can buy...”

After looking at numerous Garden Room and luxury wooden gazebo manufacturers on the market we decided to go with Crown Pavilions as their buildings are undoubtedly the best that money can buy and the service level was exceptional.

They exceeded our expectations at every stage. If you are looking for the best garden buildings on the market, then Crown Pavilions is the company to hire!

The world's finest bespoke garden buildings

Crown EcoGrid Foundations

Why choose an EcoGrid base for your gazebo?

FLEXIBLE FINANCE OPTIONS AVAILABLE

The benefits of an EcoGrid base

- Lower cost alternative to a concrete base.
- EcoGrid creates much less mess in the garden than installing a concrete base - the garden returns to its natural attractive state much more quickly.
- No need to find a local contractor to lay the base - the Crown Pavilions in-house team will lay it instead.
- Your gazebo can be installed more quickly, as there is no base contractor's lead time nor concrete slab curing time to factor in.
- By using a 100% recycled and reusable plastic grid system for the base, you are helping the environment.
- Better for the gazebo - the floor bearers are preserved for longer by siting them on EcoGrid's honeycomb structure, on which rainwater cannot puddle.
- Encourages the use of a French drain around the perimeter of the building, reducing unsightly rainwater splashback on the lower timbers of the gazebo.

Tanalised Deck & Ground Screws

FLEXIBLE FINANCE OPTIONS AVAILABLE

Smarter, Greener Foundations for our Luxury Gazebos, Relaxation & Entertaining

Crown Pavilions is proud to introduce its most luxurious solution and offering to complement your gazebo purchase.

We now have a foundation solution that will complement your garden, landscaping and any future plans you may have. A robust, beautiful, natural tanalised redwood timber decked platform, carefully designed to accommodate your chosen pavilion.

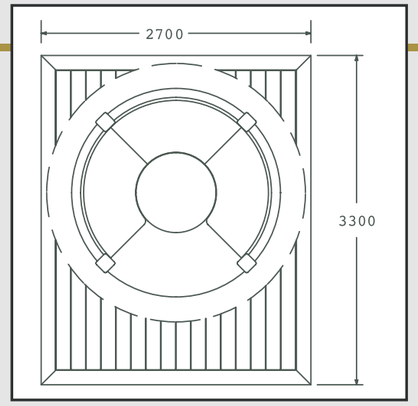

Our tanalised redwood decked platforms are meticulously fitted onto our own ground screw foundation (subject to passing our required ground screw test to verify the suitability of the ground) and tanalised joists. As the decking and ground screws are raised off the ground, this will also ensure the longevity of your pavilion. We finish off all timber decked platforms with a neatly constructed timber skirt surround.

We are also excited to extend our offering should you decide to increase the size of your decked platform to be used as an additional area in your garden for relaxing, outdoor furniture, a BBQ, sun loungers or an additional entertaining area. The possibilities are endless and this is a very cost-effective way to create a beautifully landscaped area which looks clean, natural, low maintenance, and multi-purpose. You may also choose to soften the space with plants, mood lighting, and water features to create a truly stunning setting with your Crown Pavilion as the focal point.

Composite Deck & Ground Screws

Low-maintenance decking in a choice of colours

FLEXIBLE FINANCE OPTIONS AVAILABLE

Smarter, Greener Foundations for our Luxury Gazebos, Relaxation & Entertaining

Crown Pavilions is proud to introduce its most luxurious solution and offering to complement your gazebo purchase.

We now have a foundation solution that will complement your garden, landscaping and any future plans you may have. A robust, beautiful, virtually maintenance-free composite decked platform in a choice of colours, carefully designed to accommodate your chosen pavilion.

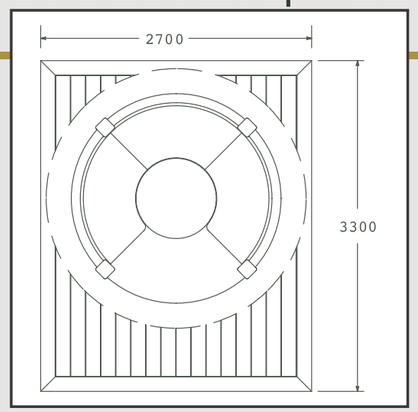

Our composite decked platforms are meticulously fitted onto our own ground screw foundation (subject to passing our required ground screw test to verify the suitability of the ground) and tanalised joists. As the decking and ground screws are off the ground, this will also ensure the longevity of your pavilion. We finish off all composite decked platforms with a beautiful composite skirt surround.

We are also excited to extend our offering should you decide to increase the size of your decked platform to be used as an additional area in your garden for relaxing, outdoor furniture, a BBQ, sun loungers or an additional entertaining area. The possibilities are endless and this is a very cost-effective way to create a beautifully landscaped area which looks clean, low maintenance and multi-purpose, and that you may decide to landscape and soften with plants, mood lighting and water features to create a truly stunning space with your Crown Pavilion as the focal point.

A Greener, Faster Alternative to Concrete

Ground screw foundations

FLEXIBLE FINANCE OPTIONS AVAILABLE

Ground screws are revolutionising how we build. Unlike concrete, they can be installed in minutes, are weather-resistant, and create zero mess. Ideal for garden rooms, gazebos and other outdoor structures, they offer strength without the environmental compromise.

- 125+ year lifespan
- Installed in all weather
- Zero curing time
- Minimal soil disturbance
- Reusable and recyclable
- Lower CO_2 footprint than concrete

Bespoke Decking Service

Customise your decked platform to suit your garden

FLEXIBLE FINANCE OPTIONS AVAILABLE

Customise your decking

Customise your decking (excludes curved shapes). This includes ground screws, decking, skirting and trims. Ground must be level and free from tree roots, debris or concrete. Please ensure ground is cleared completely and back to soft ground prior to our arrival.

£544 inc. VAT per m²

What's included

*Price includes ground screw installation (subject to approval of ground screw test), tanalised joists and decking (supplied and fitted) with skirting and trims to finish ready for the delivery and installation of your pavilion. Should you want a larger deck than included within the prices stated, please speak to one of our team and we can price accordingly based on the desired m² increase. All prices inc. VAT.

Our Showrooms

See our craftsmanship first-hand at six garden centres

FLEXIBLE FINANCE OPTIONS AVAILABLE

This brochure showcases our beautiful gazebo and shelter collections, but there is never any substitute for seeing our garden buildings in person: to feel the comfort of the cushions, take in the natural scent of the timber, run your hand along the smooth contours of the carpentry and appreciate the quality of our craftsmanship first-hand. A selection of the buildings in this brochure can be viewed in our showrooms, along with our other most popular garden rooms and accessories. Experienced staff will be on hand to answer any questions and talk about our designs in more detail.
