Maintaining the World's Finest Luxury Gazebos

To enhance the beauty and longevity of your luxury gazebo from Crown Pavilions and to ensure your beautiful building is maintained and refurbished to the highest possible standards, we offer a unique, competitively priced and flexible maintenance and refurbishment Service Package.

Although Crown gazebos are designed to last for many years, our Service Package gives you the reassurance of knowing that your gazebo is benefitting from extra layers of preservation which will enhance its appearance and give it added protection over the winter months.

 **We offer two levels of service:**

Classic and Premium, so you can choose the package that is right for you.

If you have one of our earlier designs not shown here, then please contact us and we will be delighted to assist you further.

Flexible Service

You can opt to take advantage of this service annually or simply whenever you feel that your gazebo would benefit from a facelift.

(Refurbishments are carried out in October-April annually).

Two comprehensive packages

Classic & Premium Packages include:

- Removal of all internal blinds, cushions and furniture (*the furniture included with the original gazebo*)
- Storage of blinds and cushions
- Tarpaulin to protect your gazebo while we carry out the work (*please note this will need to remain in place for 48 hours to allow the wood preserver to dry*)
- Light sanding of the floor plus application of nourishing wood preserver to all exposed timber (*excluding external roof tiles or thatch*)
- Application of wood preserver to all internal furniture (*furniture will be placed inside the building to dry for 48 hours – please do not enter the building during this time*)
- Classic Package clients will need to refit blinds and cushions as well as removing the tarpaulin (**IMPORTANT:** *please leave 48 hours for the protective finish to dry*).

“We offer a unique, competitively priced and flexible annual maintenance and refurbishment Service Package”

Premium Package:

Includes all the Classic Package services plus:

- New cushions and blinds which our experts will fit inside the refurbished gazebo (*we now have 30 colours to choose from*)
- Professional removal of the tarpaulin once the refurbishment is complete.

Optional Extra Services:

- Upgrade your thatched roof to a cedar tiled roof
- Replace your existing thatched roof with a new thatched roof (*typically needs replacing every 4-10 years*).

How to prepare for your service

One week prior to our arrival please ensure that all canvas side panels are closed (*zipped or elastic toggled – depending on which blinds you have*). This will help to keep the building dry before the refurbishment start date (**very important**). Please also ensure that all personal belongings, furnishings, ornaments, pictures, rugs, etc are removed.

Once the refurbishment has been completed and the tarpaulin has been removed, simply return your own personal furnishings and effects.

Then admire your beautifully refurbished gazebo with the added peace of mind that it is fully protected to deliver many more months of enjoyment.

Refurbishment Packages (inc. VAT)

PRODUCT	CLASSIC £ Price	PREMIUM £ Price	New set of blinds (price per blind)		New set of cushions (price per set)
